

The Works Art & Design Festival & IDEA Present:

One of the largest Annual Design Exhibits in Western Canada.

Juried and curated by the Industrial Designers of Edmonton Association

Marking the change in seasons, the 3rd annual *THAW exhibit brings together designers from Edmonton and beyond to provide visitors to The Works Festival a unique opportunity to view and purchase innovative, original products as well as interact with the up and comers of Edmonton's vibrant design community. *THAW will showcase contemporary tables, seating, lighting, home accessories and much more.

The objective of this exhibit is to continue to explore the relationship between the designer and the end user and to provide public awareness in sustainably designed products. We have introduced ourselves to the persona of Agnès Petterson, who is the inspiration behind all designs submitted. Designs were based on interpretations of her personality and lifestyle with the intention not to custom design to her lifestyle but more so to envision her as the consumer or end user. What would Agnès buy?

Join the designers on Friday, June 30th from 7 to 10 pm at the Opening Reception Party

For further information about the exhibit and the festival, please contact IDEA media rep, Adrean Koleric at adrean@shawbiz.ca or visit www.theworks.ab.ca and www.theideagroup.ca
